PATRIOTIC FETE

PLEASANT PARTY AT PECKHAM'S NETS NEAT SUM FOR RED CROSS.

Last evening at the residence of Mr. and Mrs. Chas Peckham on North Central avenue, a charming Red Cross entertainment was given. Much pains had been taken to decorate and illuminate the beautiful lawn at the back of the house, but the temperature was uncomfortable and the dew heavy, so the numerous guests carried their chairs into the house and had an indoor concert instead.

Without itemizing the program it can be said that it was both entertaining and stimulating. The secretary of the local Red Cross chapter, Mrs. Mabel Franklin Ocker, told the assembled guests that the chapter was doing things and mentioned figures and facts which astonished not a few. Dr. Harrower, who was Mrs. Peckham's assistant manager, hinted that not all present were members and asked those out of the fold to stand up, and from these Mrs. Ocker corraled a number, making the total membership nearly 1230. Not so bad for Glendale!

Besides songs, recitations and dances, Mr. McCrea, the sub-chairman of the chapter, spoke for a few minutes and told of his having just been up to the Espee depot in the city watching the farewell scenes enacted there. He brought in very aptly the lesson that we, too, must "do our bit" and do it quickly and well. While we are pleased to know how many are knitting the 1,500,000 woollen sets asked for by next month, how much money is being collected, how many tons of old newspapers the little folks are gathering, etc., one cannot help feeling that our maximum effort has not yet been reached and the invitation to those assembled is passed on to those who may read this—How much more can you do?

Ice cream and cake were served and paid for. The cakes were donated by willing helpers and several were auctioned off by Mr. Peckham at generous figures, thus swelling the total funds by several dollars. The full amount was not announced, but we understand that nearly $20 was taken in and those present were unanimous in their appreciation of the splendidness of the program and the courteous kindness of the host and hostess. Let us have more such pleasant, profitable and patriotic occasions!

CONVALESCENT.

Mrs. J. W. Usilton, 1120 West Seventh street, who underwent a severe operation some weeks ago, is now able to see her friends and make short excursions about the neighborhood. This little lady's stay at the hospital and the tedious period of convalescence at home was immeasureably brightened by numerous floral offerings and other tokens of affection, and it is her desire that all shall know of her deep appreciation. In some instances the contributions were anonymous or senders' cards lost. Consequently it was impossible for her to extend thanks by telephone or in writing, and she hopes that this word of explanation may reach all such, in order that they may know that she is grateful and that their thoughtfulness was a source of much pleasure and comfort.

CAMPBELL CAR FOUND.

Mr. and Mrs. Daniel Campbell, who had their new Buick automobile stolen while they were attending the Billy Sunday meeting Tuesday evening, were made happy Thursday when the Los Angeles police informed Mr. Campbell that the car had been found. Evidently it had been taken by joy riders, as remnants of a lunch and some hairpins were found in the car, which was standing near the curb at Sixteenth and De Long streets. The car had been driven about 200 miles. Mr. Campbell claimed his property at once and drove it home.

SACRAMENTO, Cal., Sept. 21.—The state civil service commission has announced examinations to create eligible lists from which to fill vacancies in the following state positions: File clerk, men and women, to be held at Sacramento, Los Angeles and San Francisco October 6. Last day for filing applications September 29. Auditor, state building and loan commission, salary $1800 annually. Last day for filing applications September 24. Date for examination not set. Assistant auditor, state corporation department, salary $2100 per year. Last day for filing applications October 3. Date for examination not set.

TRUSTEES MEETING

RAILROAD COMMISSION SETS DATE FOR REHEARING IN GAS RATE CASE

The Board of Trustees assembled in regular session at 8:00 p. m., September 20, 1917.

All members present at roll call.

Minutes of last regular meeting read and approved. A communication was presented and read from the Railroad Commission, giving notice that on Tuesday, September 25, 1917, at 10 a. m., arguments would be presented and evidence introduced on the question of rehearing in the matter of the application of the Los Angeles Gas Company and Southern California Gas Company for an increase in rates. In this connection a communication also was read from the City of Huntington Park inclosing a copy of a protest sent to the Railroad Commission, relative to the increasing of gas rates. Representatives being present from the City of Eagle Rock and Tropico, the matter was at this time taken up and generally discussed. City Attorney Evans made a statement in reference to the case to the effect that the Commission had not in the decision rendered, fixed the price of natural gas and following the example of Los Angeles, he had prepared an ordinance asking the gas company to furnish natural gas. This step seeming to be advisable since the outcome of the effort of the City of Glendale to acquire a municipal gas system is uncertain; in his opinion it would be wise to adopt such an ordinance requesting the gas company to furnish natural gas in Glendale, so that in the event the people do not approve of the acquisition of the municipal system, the City will be in a position to go before the Railroad Commission with a request to have the price of natural gas fixed in the City of Glendale. Mr. Hatch, City Attorney of Eagle Rock, addressed the Board expressing his concurrence in the views expressed by the City Attorney of Glendale. Mr. Peters, Chairman of the Board of Trustees of the City of Tropico, was present representing that City and spoke briefly on the subject.

A communication was read from the Mayor of Riverside thanking the Trustees for acceding to the request of that City, that the representatives of Glendale at Santa Rosa shall use their efforts to enable Riverside to secure the meeting in that City in 1918, of the League of California Municipalities. Communication was ordered to be filed.

A communication was read from the City Clerk of Tropico, acknowledging a receipt of copy of Resolution No. 966 in which was acknowledged receipt of the notice from electors of Tropico declaring their intention to circulate and file a petition asking for a consolidation of the City of Tropico with the City of Glendale. Communication ordered to be filed.

A communication was read from the Chamber of Commerce asking that the City contribute the sum of ninety dollars ($90) for six (6) months' rent of a room occupied by that body. Accompanying this communication was another from the Directors of the Chamber of Commerce approving of the request. On motion of Trustee Grist communication was referred to the Committee of the Whole.

A communication was read from the Mayor of San Diego requesting that the City of Glendale be represented at a conference to be held in that City November 14 to 17, inclusive, with the organization of a permanent League of the Southwest will be discussed. On motion communication was ordered to be filed, acceptance of the same deferred until a later date.

A communication was read from the B. F. Goodrich Rubber Company of Los Angeles calling attention to the fact that the Motor Vehicle Act of 1917 requiring warning signs to be placed on every highway approaching a railroad grade crossing, and offering to the City free of charge, a number of metal signs complying with the law. On motion of Trustee Grist it was ordered that the offer be accepted with thanks and that the City Manager be instructed to advise the Goodrich Company of the number of signs required. On motion of Trustee Muhleman the City Clerk was directed to have notices inserted in the local papers stating who will act as registrar of voters and where.

A communication was read by the City Manager reporting that he had investigated the matter of express delivery in the City of Glendale by the Wells Fargo Company, particularly as to territory covered by the Free Delivery Zone. He finds that the territory for free delivery remains as established five years ago, and is of the opinion that the company should be requested to extend the limits of this delivery to an approximate distance of four thousand feet from the office of the company on the northeast corner of Brand boulevard and Broadway. On motion of Trustee Grist, the City Manager was instructed to request ot both express companies an extension of Free Delivery Zones so as to embrace the entire City.

Demands were presented and referred to Finance Committee. The City Manager made a report in regard to the traffic ordinance, to the effect that it seemed desirable that a zone be established within which the speed limit shall be 20 miles per hour, and presented an ordinance which was on motion of Trustee Muhleman ordered to be read and upon being read was upon motion of Trustee Grist declared read for the first time and ordered to be taken up for the second reading. On reading of the ordinance it was declared read for the second time and on motion of Trustee Jackson laid for a third and final reading. An ordinance calling a bond election to be held October 30th next for the purchase of fire apparatus and equipment was ordered to be taken up and read and upon being read was upon motion of Trustee Grist declared read for the first time and ordered to be taken up for a second reading. Upon being read, the ordinance was upon motion of Trustee Jackson declared read for the second time and laid over for third and final reading.

City Manager reported that an insurance policy in the amount of fifteen hundred dollars ($1500) on furniture and fixtures in the City Library would expire November 6, next, and on motion of Trustee Grist the City Clerk was authorized to advertise for bids for this insurance. The City Manager reported that he had written the County Council of Defense to the effect that Glendale would co-operate with them along the lines suggested in a communication from the body read at a former meeting.

City Manager called attention to the fact that the City owes an assessment for the opening and widening of Broadway which should be paid at once. Upon motion of Trustee Muhleman, it was ordered that a warrant be issued for the payment of same. On motion of Trustee Woodberry, delegates from the City of Glendale to the Convention of the League of California Municipalities at Santa Rosa were intsructed to use their efforts to secure the meeting of the League in its annual convention, at Riverside in 1818.

On motion of Trustee Grist, it was ordered that the expenses of the Health Officer at the Santa Rosa Convention be borne by the city to the extent of $50.00.

A communication was read from the Manager of the Public Service Department making report of several matters connected with his department and a request that he be authorized to make a bid for installing and maintaining street lights in the Verdugo Lighting District. On motion of Trustee Grist the following resolution was adopted: Resolved that the President of the Board of Trustees be authorized to enter the bid of the City of Glendale for installing and maintaining street lights in the Verdugo Lighting District.

With the following roll call:

Ayes: Grist, Jackson, Muhleman, Thompson, Woodberry.

A number of the linemen of the Public Service Department appeared before the Board to present their case in reference to their recent application for an increase in wages and Mr. Horne and Mr. Foss spoke for the committee. The President of the Board stated that the members of the Board were considering the situation and that action would be taken soon.

Demands were reported back approved by the Finance Committee and warrants ordered to be issued in payment of the same.

Adjourned.

BERNSTORFF PLOTTED AGAINST U. S.

STATE DEPARTMENT MAKES PUBLIC MESSAGE ASKING BERLIN FOR $50,000 TO INFLUENCE U. S. CONGRESS

(Special Service to Glendale Evening News)

WASHINGTON, September 21.—Former German Ambassador Count von Bernstorff was an active anti-American plotter while his nation and the United States were still friendly, and asked Berlin for $50,000 to influence Congress "as on former occasions," the State department made public to-day in announcing the text of a message Bernstorff forwarded to Berlin. His activities were in the nature of influencing Congress through an unnamed organization which he informed his government could "perhaps prevent war."

The State department announcement said:

"The secretary of state issues the following message from Ambassador von Bernstorff to the Berlin foreign office, dated January 22, 1917:

"'I request authority to pay up to $50,000 in order as on former occasions to influence Congress through the organization of which you know and which can perhaps prevent war.

"'I am beginning meanwhile to act accordingly.

"'In the above circumstance a public official German declaration in favor of Ireland is highly desirable in order to gain the support of Irish influence here.'"

How the state department discovered the message and the identity of the "organization" are unrevealed.

BRITISH OFFENSIVE "COMPLETE SUCCESS"

HAIG REPORTS THAT ALL OBJECTIVES WERE OBTAINED IN BRITISH DRIVE AT YPRES-MENIN ROAD

(Special Service to Glendale Evening News)

LONDON, September 21.—"Complete success," is Field Marshal Haig's epitome to-day on the result of the great British drive across the Ypres-Menin road. Official reports declare that the enemy losses were very heavy. British casualties were light.

GAVIN MC NABB APPOINTED MEDIATOR

WORD COMES FROM WASHINGTON THAT SAN FRANCISCO ATTORNEY WILL CONFER WITH STRIKERS

(Special Service to Glendale Evening News)

SAN FRANCISCO, September 21.—While the latest indications are that mediation in the shipyards strike is at a deadlock, the appointment of Gavin McNabb, a local attorney, to act as mediator is announced at Washington. It is expected that McNabb will go into conference with representatives of both sides in the controversy, immediately.

RUSSIA IN NEW REIGN OF TERROR

GERMAN PROPAGANDA MENACES THE LIFE OF THE REPUBLIC WHILE HER ARMIES HOLD TEUTONS AT BAY

(Special Service to Glendale Evening News)

STOCKHOLM, September 21.—Russia has reached a reign of terror. To-day there is a cry for blood and wholesale executions. The lives of former foreign secretary Meliekoff, Rodzinko, president of the duma, and twenty other members of the duma are demanded. German propaganda more than the German army is menacing the life of Russian democracy. Teuton influence is reaching out even into the winter palace and attempting the life of Premier Kerensky.

This is the situation now in Russia as her armies are holding at bay a million Germans while the very foundations of the new republic are being rocked.

ANNOUNCEMENT PARTY

MISS MIDCALF REVEALS HER ENGAGEMENT TO J. O. C. GIRLS.

The J. O. C. class of the West Glendale church met last evening with Miss Addie L. Midcalf, 344 Orange street. This was the first meeting of the class since the summer months. Reports were given and suggestions made for the coming year's work. They will lose two members, Miss Maybel Nisbet, who has accepted a position with the El Centro schools in the home economics department, and Miss Rosa Peck, who takes up training at the Good Samaritan hospital this month. At the close of the business meeting various games were played, the last of which was a "hunting game," which resulted in each guest finding an envelope containing the announcement of the engagement of the hostess to Mr. F. O. Haskell of Los Angeles. Besides the members of the class the following intimate friends were guests of the evening: Mrs. Alice Patterson Lyons, Mrs. Mary Baxter, Misses Isabel Lyons, Frances Payne, Anna Bode, Eva Daniels, Lulu Wooldridge, all of Glendale, and the Misses Spahr and Brugh of Los Angeles. The wedding will take place in December.

MRS. YARD ENTERTAINS.

Mrs. E. D. Yard, first vice president of the Tuesday Afternoon club and chairman of the ways and means committee, entertained the members of her committee at a most delightful luncheon on Friday at her home, 127 North Maryland. The pleasant home was most prettily decorated with roses, fresh cut from the hostess' garden and combined with the green of the plumosis.

Plans were made for the coming club year and business matters were fully discussed by this important committee.

Covers were laid for Mrs. William Ramsay, president of the Tuesday Afternoon club; Mrs. A. S. Chase, Mrs. Daniel Campbell, Mrs. R. W. Meeker, Mrs. Frederick Baker and the hostess, Mrs. E. D. Yard.

OFF FOR CAMP 55 YEARS AGO.

B. F. Patterson, 317 Belmont street, went to Los Angeles Thursday to see some of the Southern California selected men entrain for Camp Lewis. The scenes at the station took Mr. Patterson back in memory fifty-five years, when he was a "liberty boy" on his way to the front, and he could not but contrast conditions then and now. When Mr. Patterson was a young soldier he and his comrades were herded like cattle in stock cars to be taken to the camps and battlefields. Yesterday the young men selected for Uncle Sam's army rode out of Los Angeles in palatial Pullman cars with admiring friends bestowing every attention upon them.

Mr. Patterson said the boys who left yesterday were a splendid-looking bunch of fellows and nothing should be too good for them.

SANITARIUM CHAPLAIN.

Elder and Mrs. R. W. Munson, who have come recently to Glendale to reside, have been the guests of Mrs. Munson's sister, Mrs. T. A. Wright, 305 South Louise street. Elder Munson is the chaplain at the Glendale sanitarium and with Mrs. Munson has spent a great many years in the missionary fields in the East Indies. They have been stationed at Singapore and the islands of Sumatra and Java and other important points.

CANTONMENT CAMPS

STARRETT DENIES THAT EXORBITANT WAGES WERE PAID TO LABORERS.

Major W. A. Starrett, chief expert adviser in the building of America's sixteen cantonment camps for the draft armies, today officially denied that exorbitant wages were paid laborers on the work.

"Statements have been made," it was suggested," that abnormal and high wages were paid; that water boys, for instance, received $5 a day in some places.

"Perfectly absurd," said Major Starrett. "Look at the situation and see for yourself. Here are the largest contractors in the country. Their margin of profit is very small, averaging about three and a half per cent. Also they desire to serve the country.

"Take a certain company as an example. If they were out to pay big money or hold up the government they could have laid down on the job just as well as not when the terms of the contract were violated by the government. But they didn't. Not only that, but the head of the concern himself put a million dollars of his own money into the job to keep it going for the government.

"Are people like that going to pay water boys 5 a day?

"The government has a very competent organization made up of civilian officers, reserve corps men, men who came out of the big engineering concerns. Were they likely to pay $5? It's absurd."

"Were middlemen used in buying supplies?"

"In some instances, yes," said Major Starrett. "We dealt with a middleman in buying plumbing supplies. If we had bought them direct we would have had to buy from twenty-five different manufacturers, one part from each, bolts, washers, pipes, nickel plates and so on.

"We made one company the assembling agent, the middleman, and the government allowed them five per cent on the cost. Anybody approaching this subject intelligently will know that the middleman there was necessary and that he earned his profit. Generally speaking, however, we have dealt with all manufacturers direct.

To give some idea of the enormity of the task," Major Starrett said, "we spent $150,000,000 in three months.

"We provided 600 cubic feet of air space for each man, as compared with 360 feet for each man in European cantonments.

"There are 2000 buildings in each cantonment, or 32,000 in all. They are so built for fire protection that only one building can burn at a time.

"We saved $12,000,000 on the camps by building them two stories instead of one.

"Each cantonment occupies two square miles of territory, roughly.

"In addition to the gigantic cantonment construction work there is still under our direction $350,000,000 worth more of building in progress or contemplation.

"We used four billion feet of lumber from 190 mills throughout the country. We built 4000 miles of finished road surface. Roads approaching the camps will add another few hundred miles.

"We used 2000 miles of piping for water supply systems and 2000 miles of drainage and sewer pipes.

"It took a carload of tacks to put the tar paper on the roofs.

"Railroads delivered from fifty to one hundred and fifty carloads of materials to each camp every day. There were about 8000 carloads of materials used in all.

"We took care of 8000 to 10,000 workmen at each camp every day.

"Some camps had a weekly payroll of $150,000.

"The government had about 150 representatives in each camp. On one job the contractor held a foremen's meeting every morning, 300 to 500 foremen gathering to discuss plans.

"We had our own fire protection system. Also a corps of fire watchers, a police force to put out the fires."

MISS STONE ENTERTAINS.

Miss Carrie Stone was the hostess at an informal little dinner given at her home, 236 Mira Loma, Tropico, on Thursday evening. A basket of pink roses and ferns was used effectively in the center of the prettily-laid table, and tiny rosebuds marked the guests' places. The hostess was assisted by her mother, Mrs. J. A. Stone, and Miss Ruby Stone. The guests were: Miss Evangeline Hunchberger, who is leaving for Pomona college, and Messrs. Seymour Smith and W. H. Johnson.

Personals

Mrs. H. E. Loveless, 301 South Louise street, has gone to Stockton to visit relatives.

Miss Mildred Wight of the class '17 Glendale High school, will enter Pomona college for the coming year.

Mrs. J. A. Stone, 236 Mira Loma avenue, Tropico, will spend a few days at Merced, where Mr. Stone is ranching.

Miss Carol Willisford will leave Monday for Claremont, where she will enter her second year at Pomona college. Miss Willisford is specializing in mathematics.

Mrs. Milton Webber of Denver, Colo., is visiting her mother, Mrs. H. J. Chambers, 142 Maryland street. Mrs. Webber will remain in Glendale about a month.

Mrs. A. Bishop, who has been visiting her sister, Mrs. T. A. Wright, and mother, Mrs. E. Gasser, 305 South Louise street, for the past three months, will return to her home in Toledo, Ohio, on Monday. Mrs. Gasser will accompany her daughter and visit her old home.

J. F. McClish of 808 West Eight Street, who is superintendent of the Blue Monster Mines Co. and of the Inyo Metals Co., is spending a few weeks at his home in this city. Mr. McClish is located about 43 miles southeast of Big Pine.

The regular meeting of the Mothers' club of the Acacia Street school will be held Friday afternoon. There will be a short program and a social hour will follow. Miss Fay Daniels will give a piano solo and Mrs. Meagher will read. The hostesses for the afternoon are: Mrs. Fox, Mrs. Curtis and Mrs. Strong.

Blowing My Own Horn a Little

I am just entering my 13th year as Notary Public. For 20 years I have been drawing papers of a legal nature without blundering. For several years I satisfactorily prepared the deeds, mortgages, escrows and other similar papers for a large bank in the middle west.

The fruits of my experience are yours, always at reasonable prices.

MAXWELL

Most Miles per Gallon Most Miles on Tires

We have not deviated from our fixed one-chassis-model policy.

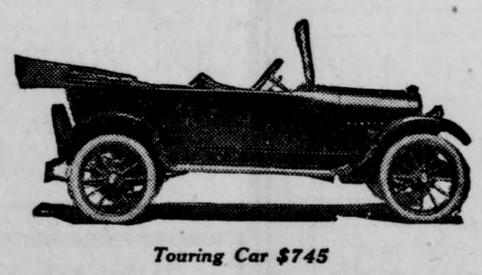
But we have refined and developed the Maxwell.

The new compensating under-slung rear springs mean comfort for you and preservation of your car.

This is the type of spring used in the newest models of many of the highest priced cars.

The wheel base is six inches longer—the frame has been strengthened—the windshield sloped, the body lines made more graceful, and the body made roomier.

But the Maxwell price stands at a figure which still makes it "the world's greatest motor car value."



Touring Car $745

Roadster $745; Coupé $1095; Berline $1095; Sedan $1095

THRIFT

Is ability to do—to earn; and earning to save. The man who applies himself to a definite end, and is honest in his application—saves money as a natural sequence.

Whoever Brings Finds the Door Open for Him

If you should ask your banker to lend you money, his first question will be: "Have you any of your own?

If you can't take care of your money, what assurance has he that you will judiciously use the money he lends you?

We invite your deposits and have money to loan.

Heap big mileage!

In every layer of fabric, in every bit of rubber—permeating the entire casing! No wonder Savage Tires average so much greater mileage.

Savage Tires are built to give mileage first, then road comfort and complete satisfaction—they are *not* made to sell at a price. And yet Savages cost no more than ordinary casings.

Sold through our own distributors. We put the middleman's profit into extra quality—"Heap big mileage!" Watch for the red Savage sign.

NOTICE TO CREDITORS

No. 35869

Estate of James E. Fellows, deceased.

Notice is hereby given by the undersigned executrix of the Estate of James E. Fellows, deceased, to the Creditors of, and all persons having claims against the said deceased, to exhibit them with the necessary vouchers, within four months after the first publication of this notice, to the said executrix at the office of Evans, Abbott & Pearce, her attorneys, suite 1007 Van Nuys Bldg., Seventh & Spring Streets, City of Los Angeles, County of Los Angeles, State of California, which said office the undersigned selects as a place of business in all matters connected with said estate, or to file them with the necessary vouchers, within four months after the first publication of this notice in the office of the Clerk of the Superior Court of the State of California in and for the County of Los Angeles. Evans, Abbott & Pearce, Attorneys.

Dated August 22nd, 1917.

GRACE A. FELLOWS,

First publication August 31, 1917.

312t4Fri

The United States government has decided to take all the glisten out of a bayonet and have it made of blue steel. It is argued that just as a brilliant uniform attracts attention even at a distance, so the luster of a polished bayonet may be seen far away.—The Argonaut.
